

Changes to the Roundabout @ Lowry Blvd. and Yosemite St.

You may have noticed recent changes to the roundabout at Lowry Blvd and Yosemite St. to enhance user safety. Crashes as vehicles entered the roundabout or switched lanes, although rarely serious, were common. The changes will help enhance safety by:

- Providing additional (and more noticeable) advance signage of the roundabout.
- Making all outside lanes right-turn only.
- Signage instructing through traffic to use the inside lane.
- Additional signage for pedestrian crossings.
